- ◆ Various environmental situations are going to misguide you at all times.
- ◆ World is a place of deceptions so dishonesty, cheating, are hidden in a veil masked which you will experience from time to time and regret.
- ◆ Huge ILMS of Quran, knowledge of Sunnah, experience and professional guidance are required to deal with complicated world but many times we missed that. Health and nance ar e one of the most important factors in today's world.
- ◆ Controversy, Fithna, chaos, arguments, ghting and misunderstanding are hidden in the world so we have to learn how to deal with them.
- ◆ 7 Animals are hidden inside our Qalb never know when they will surface by the inuence of Nafs, Khudee and Nafsani khawhish. The most dangerous things are going to happen by their inuence . Mostly through pleasures, ghaat,ad dictions, anger and arrogance. They will destroy our peace, happiness and success in the world and Hereafter. May Allah protect us
- ◆ Do the Zikr of Allah with consistency and humility (Towajo, Adab & Ehteram), read Estegfar, do repent. While doing Ibadath and work of Dawah always try to keep the heart calm, composed, silent, clean and transparent and recharge with below qualities.

- ◆ The Fragrance of Eimaan and purity of Qalb will be enjoyed only by those people who are moderate in their behavior and have have developed their own greed, jealousy they do not observe other's a ws, also do not keep ill feelings (Badguman) about others in their hearts, do not keep hope from people and do not beg from people except Allah. - ◆ Never ever try to destroy Amaal e Saleha, good deeds and exemplary performance otherwise nothing is going to help you. Our bad deeds and ill Manners have damaged us a lot which we don't realize.
- ◆ If you are Muslim then if under any circumstances you violate the Commands of Allah, leaving behind the Sunnah of Prophet SWS and disobey both of them for worldly benefits and gains then remember severe nightmares are going to strike your heart, mind, body and environment. This is a warning in advance. I am fully aware and have enough experience about this subject. Non Muslims will not understand this concept. Ignorant people do not buy the tickets, do not know the destination where they are going, do not board the right train but expecting to reach the final destination of Paradise.

PRACTICE AND PRAY SALAH

Step 1. Keep your heart clean and transparent. Then, empty, filter and relax your mind. Remain firm and consistent while reciting the Zikr of Allah or Ayah of Quran so that it increases your Eimaan Yaqeen, fear of Allah, patience and self control in your heart, mind and body.

Step 2. While praying you will see Nafs will influence you with thoughts and waswasas so that it can take your focus towards the Gayr of Allah or in the memory of the mind to retrieve and visualize something whether past memory or future planning by making you forget that you are in Salah. What a meticulous plan of Nafs and Shaytaan to destroy the quality Salah. Remain vigilant and apply these formulae while working for your worldly duties and responsibilities so that they do not trick you.
